

A source driving gaming innovation

About the company

Pacific Intellectuals Alliance (Macau) Limited (PIA), the distributor of GameSource, was established in 2014 in Macau, providing total innovative cloud-based gaming technology solutions as well as effective maintenance services to the gaming industry. Our professional team has more than 10 years' experience in gaming operations and gaming system development offering unrivalled levels of technical support to our clients.

Our vision of the launch of our first ever cloud-based gaming platform for land-based casino "GameSource" is to reform the traditional slot machine operation with innovation and new technology, and to open up a new era of evolution in the gaming industry.
