

Fabsmart is proud to be nominated for two categories and believe our Fast Action Product Series demonstrates a truly unique market segment!

Fast Action products provide the player a Live Dealing Experience with Real Chips and combine a way to bet that is Fast, Effective and Automated!

Fabsmart is a small company that has managed to develop and deliver world first products and applications to one of the biggest gaming companies in the world.

The Fast Action products has allowed Venetian to set their floor apart from all other gaming floors around the world.

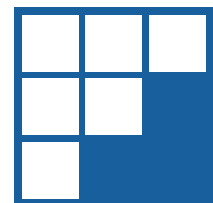

Fabsmart has worked tirelessly to innovate and push the boundaries up against the biggest manufacturers and table suppliers in the world.

To win either category would signal to the world that you don't have to the huge multi national company to compete in this amazing industry.

A win for Fabsmart a small company, is a win for the industry.

Fabsmart 2.0 is being launched at the G2E stand 514.

Our New Future is here and we can't wait to share it with the world!
